

Picote Grabber

Picote Solutions Retrieval Tools

Picote Grabbers eliminate the need for excavation. Retrieve lost items or foreign objects with ease and precision.

The Picote Grabber allows you to quickly retrieve lost tools, or foreign objects blocking a pipe, and avoid the time and costs of digging and demolition. While directing the location with your CCTV camera, simply push the grabber into position. The grabbing head is easily rotated which makes it easy to locate and grip the item with precision. Then, simply turn on the air valve to get a rock solid grip on the object to pull it out and retrieve it. Turn off the air to release.

- Two sizes: Original and Large
- The Original Grabber comes with two different jaw sets.
- The Large Grabber comes with one set of jaws.
- Grabber Extensions can increase the reach of the Grabber by using 1-2 of the 1 Orn (32') extensions.
- Navigates 90° bends.
- CCTV camera and air compressor needed.

Technical Specifications

Category	Measurement
Maximum Jaw Opening	Original: 3.2" (80mm) Large: 5.1" (130mm)
Maximum Item Lifting Weight	Original: 80lbs (35kg) Large: 150lbs (70kg)
Air Requirement	Minimum: 8 Bar (116 PSI) Maximum: 10 Bar (145 PSI)
Pipe Diameters	Original: 4" (DN100) or larger Large: 6" (DN150) or larger
Starting Length	10m (32')
Extensions	10m (32') each (max recommended: 2)

Original Grabber:

Product Code	Product Description
2370000001	Picote Grabber
2370000002	Picote Grabber extension 10m (32')
2370000003	Original Grabber Jaw Set 1
2370000004	Original Grabber Jaw Set 2

Large Grabber:

Product Code	Product Description
237000010B30	Picote Large Grabber
2370000011	Large Grabber Jaw Set 1
2370000012	Large Grabber Extension 110m (32')

S1E Limited Specialist Suppliers of Trenchless Technology

No-dig Pipeline Repair

S1E Limited is a specialist supplier of trenchless technologies to the drainage repair industry. The company focuses on sourcing quality products for professional use. They are all tried and tested in the field to produce impressive results. S1E distributes high-quality products from market-leading manufacturers for the drainage repair industry. Products include camera inspection systems, cutting and cleaning tools, CIPP lining equipment and consumables, mechanical point repair devices, rat blockers and other site consumables.

S1E Limited is committed to being a quality supplier, with a focus on customer service. S1E is proud to be an active member of the UK Society for Trenchless Technology.

First established in 2007 as Fernco Environmental, the company's mission was to seek out repair products for the infrastructure repair and water management markets. Since 2016, it has re-focused its ranges to the specialist field of trenchless repair, with a growing portfolio in this specialist area.

The company is owned by Cooper Companies Inc, a US-based leader in the production of pipe couplings. The Group also owns companies in Canada, Mexico, Brazil, Germany and France, as well as the UK-based sister company to S1E, Fernco (previously, Flexseal).

It is accredited to ISO 9001: 2015 for its Quality Management System. It is also accredited to ISO 14001: 2015 for its Environmental Management System.
