

M18 HSFSM-O

M18™ High Speed Flexible Shaft Machine

- Clears clogs in 32 mm (1 ¼") – 110 mm (4") pipes up to 23 m down the line.
- Infinite variable speed from 600 – 2200 RPM for more control in the line and best wall to wall clean.
- Integrated mechanical clutch protecting the cable when binding up.
- Nylon coated 8 mm cable with universal reception to fit and use with most common attachment heads available on the market.
- Electronic foot pedal and integrated drum brake that electronically slows drum super-fast for more control and safety.
- All terrain wheels and extendable telescopic handle for easier transportation.
- Increased durability with outer frame and easy field repairs of cables.
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability.
- Flexible battery system: works with all MILWAUKEE® M18™ batteries.

M18 FUEL POWERED BY **REDLITHIUM™**

No load speed (rpm)	600 - 2200
Cable diameter (mm)	8
Cable length (m)	23
Pipe diameter [mm]	32 - 110
Weight with battery pack (EPTA) (kg)	29,52 (M18 HB12)
Kit included	No batteries supplied, No charger supplied, No kitbox or bag supplied.
Article Number	4933480721

S1E Limited Specialist Suppliers of Trenchless Technology

No-dig Pipeline Repair

S1E Limited is a specialist supplier of trenchless technologies to the drainage repair industry. The company focuses on sourcing quality products for professional use. They are all tried and tested in the field to produce impressive results. S1E distributes high-quality products from market-leading manufacturers for the drainage repair industry. Products include camera inspection systems, cutting and cleaning tools, CIPP lining equipment and consumables, mechanical point repair devices, rat blockers and other site consumables.

S1E Limited is committed to being a quality supplier, with a focus on customer service. S1E is proud to be an active member of the UK Society for Trenchless Technology.

First established in 2007 as Fernco Environmental, the company's mission was to seek out repair products for the infrastructure repair and water management markets. Since 2016, it has re-focused its ranges to the specialist field of trenchless repair, with a growing portfolio in this specialist area.

The company is owned by Cooper Companies Inc, a US-based leader in the production of pipe couplings. The Group also owns companies in Canada, Mexico, Brazil, Germany and France, as well as the UK-based sister company to S1E, Fernco (previously, Flexseal).

It is accredited to ISO 9001: 2015 for its Quality Management System. It is also accredited to ISO 14001: 2015 for its Environmental Management System.
